

## Special Issue

# Bioengineering—Selected Papers from ESBP 2019 (10<sup>th</sup> European Symposium on Biopolymers)

### Message from the Guest Editor

This Special Issue is cooperating with the ESBP 2019 conference ([www.esbp2019.com](http://www.esbp2019.com)). All speakers and registered participants at this conference are invited to submit a manuscript for publication. There will be a focus on major research advances, including the following:

- Molecular basis of biopolymer synthesis and metabolic engineering;
- Synthetic biology for biopolymer production and biopolymer engineering;
- Bioreactors and biopolymer production technologies;
- Downstream processing;
- Analytics in the field of biopolymers;
- Biopolymer processing technologies and polymer stability;
- Biopolymers from non-natural monomers;
- Applications (including biomedical): biomaterials and biopolymers;
- Commercialization of biopolymers/market analysis;
- Life cycle assessment of biopolymer production and uses;
- Biopolymer and bioplastic degradation, recycling, and environmental fate;
- Biorefineries: feedstock and production chains;
- Other.

### Guest Editor

Assoc. Prof. Dr. Jochen Schmid

Department of Biotechnology and Food Science, Norwegian University of Science and Technology, 7034 Trondheim, Norway

### Deadline for manuscript submissions

closed (15 January 2020)

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Bioengineering* (ISSN 2306-5354). *Bioengineering* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. *Bioengineering* provides an advanced forum for the science and technology of bioengineering. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Anthony Guiseppi-Elie

Department of Biomedical Engineering, Texas A&M University, College Station, TX 77843, USA

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Biomedical) Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.2 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).

#### Recognition of Reviewers:

reviewers who provide timely, thorough peer-review reports receive vouchers entitling them to a discount on the APC of their next publication in any MDPI journal, in appreciation of the work done.
