

## Special Issue

# Advances in Enabling Technologies for Bone Tissue Engineering

### Message from the Guest Editors

This special issue of *Bioengineering* on “Advances in Enabling Technologies for Bone Tissue Engineering” will focus on innovative techniques for inducing bone formation ranging, for example, from material combinations to the fabrication of a bone framework to electrical stimulation to signaling for inducing new tissue. This Special Issue will focus on all new and exciting technology for studying and inducing bone formation in diseased and damaged tissue, where all relevant research areas are welcome.

### Guest Editors

Dr. Katherine R. Hixon

Thayer School of Engineering, Thayer School of Engineering, Dartmouth College, Hanover, NH 03755, USA

Dr. Shang Song

Department of Biomedical Engineering, University of Arizona, Tucson, AZ 85721, USA

### Deadline for manuscript submissions

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Bioengineering* (ISSN 2306-5354). *Bioengineering* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. *Bioengineering* provides an advanced forum for the science and technology of bioengineering. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Anthony Guiseppi-Elie

Department of Biomedical Engineering, Texas A&M University, College Station, TX 77843, USA

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Biomedical) Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.2 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).

#### Recognition of Reviewers:

reviewers who provide timely, thorough peer-review reports receive vouchers entitling them to a discount on the APC of their next publication in any MDPI journal, in appreciation of the work done.
