## Mechanisms of Mitotic Chromosome Segregation

Guest Editor:

**Prof. Dr. J. Richard McIntosh**

Department of Molecular,  
Cellular and Developmental  
Biology, University of Colorado,  
Boulder, CO 80309-0347, USA

Deadline for manuscript  
submissions:

**closed (1 October 2016)**

### Message from the Guest Editor

Dear Colleagues,

This volume focuses on the mechanisms by which a mitotic spindle interact with a replicated genome to assure its accurate segregation to daughter cells at the time of cell division. The following subjects are treated by world-renown specialists: 1) Foundations of modern research on mitotic mechanisms; 2) Kinetochores structure; 3) Kinetochores assembly and function; 4) Spindle assembly; 5) Spindle assembly in plant cells; 6) Chromosome congression to the metaphase plate; 7) The spindle assembly checkpoint; 8) Correcting mitotic errors; 9) Anaphase A; 10) Anaphase B.

Prof. Dr. J. Richard McIntosh

an Open Access Journal by MDPI

## Editors-in-Chief

### Prof. Dr. Jukka Finne

Research Programme in  
Molecular and Integrative  
Biosciences, Faculty of Biological  
and Environmental Sciences,  
University of Helsinki, P.O. Box  
56, FI-00014 Helsinki, Finland

### Prof. Dr. Andrés Moya

Integrative Systems Biology  
Institute, University of Valencia  
and CSIC, 46980 Valencia, Spain

## Message from the Editorial Board

A major strength of biological science is the diversity of approaches that biological scientists apply to their research problems. *Biology* reflects this diversity and brings together studies employing the varied experimental and theoretical approaches that are fueling biological discovery. *Biology*, the journal, is a fully peer-reviewed publication with a rapid and economical route to open access publication and is listed on PubMed. All articles are peer-reviewed and the editorial focus is on determining that the work is scientifically sound rather than trying to predict its future impact.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Biology) / CiteScore - Q1 (General Agricultural and Biological Sciences)
