

Special Issue

Infectious Diseases: Emerging Diagnostic Methods, Updated Treatment Protocols and New Antimicrobial Agents

Message from the Guest Editors

Our target in this Special Issue is to gather up-to-date information on the pathogenetic mechanisms that are involved in the development of infectious diseases, and present recent advances in diagnostic modalities and treatment protocols of infections. This special issue mainly focuses on basic research articles that link the pathophysiology of infectious diseases with emerging diagnostic modalities and treatment strategies.

Guest Editors

Dr. Andreas G. Tsantes

Dr. Dimitrios V. Papadopoulos

Dr. Rozeta Sokou

Dr. Vanesa Bellou

About the Journal

Message from the Editorial Board

A major strength of biological science is the diversity of approaches that biological scientists apply to their research problems. *Biology* reflects this diversity and brings together studies employing the varied experimental and theoretical approaches that are fueling biological discovery. *Biology*, the journal, is a fully peer-reviewed publication with a rapid and economical route to open access publication and is listed on PubMed. All articles are peer-reviewed and the editorial focus is on determining that the work is scientifically sound rather than trying to predict its future impact.

Editors-in-Chief

Prof. Dr. Jukka Finne

Research Programme in Molecular and Integrative Biosciences, Faculty of Biological and Environmental Sciences, University of Helsinki, P.O. Box 56, FI-00014 Helsinki, Finland

Prof. Dr. Andrés Moya

Integrative Systems Biology Institute, University of Valencia and CSIC, 46980 Valencia, Spain

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (General Agricultural and Biological Sciences)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the second half of 2025).
