

Special Issue

Mechanisms of Mitotic Chromosome Segregation

Message from the Guest Editor

This volume focuses on the mechanisms by which a mitotic spindle interact with a replicated genome to assure its accurate segregation to daughter cells at the time of cell division. The following subjects are treated by world-renown specialists: 1) Foundations of modern research on mitotic mechanisms; 2) Kinetochore structure; 3) Kinetochore assembly and function; 4) Spindle assembly; 5) Spindle assembly in plant cells; 6) Chromosome congression to the metaphase plate; 7) The spindle assembly checkpoint; 8) Correcting mitotic errors; 9) Anaphase A; 10) Anaphase B.

Guest Editor

Prof. Dr. J. Richard McIntosh

Department of Molecular, Cellular and Developmental Biology,
University of Colorado, Boulder, CO 80309-0347, USA

Deadline for manuscript submissions

closed (1 October 2016)

About the Journal

Message from the Editorial Board

A major strength of biological science is the diversity of approaches that biological scientists apply to their research problems. *Biology* reflects this diversity and brings together studies employing the varied experimental and theoretical approaches that are fueling biological discovery. *Biology*, the journal, is a fully peer-reviewed publication with a rapid and economical route to open access publication and is listed on PubMed. All articles are peer-reviewed and the editorial focus is on determining that the work is scientifically sound rather than trying to predict its future impact.

Editors-in-Chief

Prof. Dr. Jukka Finne

Research Programme in Molecular and Integrative Biosciences, Faculty of Biological and Environmental Sciences, University of Helsinki, P.O. Box 56, FI-00014 Helsinki, Finland

Prof. Dr. Andrés Moya

Integrative Systems Biology Institute, University of Valencia and CSIC, 46980 Valencia, Spain

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (General Agricultural and Biological Sciences)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.4 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2025).
