Message from the Collection Editor

Dear Colleagues,

This Topical Collection focuses on driver microbiota, including *Fusobacterium* spp. and others, which accelerate inflammation and carcinogenesis. Reviews, opinions, and short articles from experts in the field are welcome. Submissions may cover all types of microbiota, including bacteria, fungi, viruses, and bacteriophages, that influence carcinogenesis and molecular pathways/factors and play key roles in persistent inflammation, various mouse models, and valuable cell lines and primary organoids. Metabolites derived these microbiome and carcinogenesis are also of interest. In addition, we hope that this Topical Collection will help improve our understanding of the role of gut microbiota in gastrointestinal cancers.

Message from the Editor-in-Chief

Biomedicines (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within *Scopus*, *SCIE (Web of Science)*, *PubMed*, *PMC*, *CAPLus / SciFinder*, and other databases.

Journal Rank: JCR - Q2 (Pharmacology and Pharmacy) / CiteScore - Q1 (Medicine (miscellaneous))
