

## Special Issue

# State-of-the-Art Endocrinology and Metabolism Research in Italy

### Message from the Guest Editor

This Special Issue will offer an up-to-date and comprehensive overview of the state of the art of endocrinology and metabolism in Italy. Given the long-term tradition of fundamental science in Italy, it is our aim that articles in this Special Issue cover basic, translational, and clinical aspects of endocrine diseases. The Special Issue will provide comprehensive insight into recent advancements in diabetes, endocrine diseases, obesity, neuroendocrinology, immunometabolism, as well as disorders associated with growth, reproduction and hormone-regulated gene expression. Original research contributions and reviews in the field are welcome for submission.

### Guest Editor

Prof. Dr. Paolo Giovanni Artini

Division of Gynecology and Obstetrics, Department of Clinical and Experimental Medicine, University of Pisa, 56126 Pisa, Italy

### Deadline for manuscript submissions

closed (31 May 2023)

## About the Journal

### Message from the Editor-in-Chief

*Biomedicines* (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPLus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Medicine (miscellaneous))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
