

## Special Issue

# Editorial Board Members' Collection Series in Drug Discovery, 2nd Edition

### Message from the Guest Editors

We are pleased to announce this collection entitled “Editorial Board Members’ Collection Series in Drug Discovery, 2nd Edition”. This issue will be a collection of papers by researchers invited by the Editorial Board Members. The aim is to provide a venue for networking and communication between *Biomedicines* and scholars in the field of drug discovery. All papers will be fully open access upon publication after peer review.

## About the Journal

### Message from the Editor-in-Chief

*Biomedicines* (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.
