

Special Issue

Feature Papers in Cancer Biology and Therapeutics

Message from the Guest Editor

This Special Issue “Feature Papers in Cancer Biology and Therapeutics” aims to collect high-quality research articles, short communications and review articles covering all the aspects of cancer biology research and innovative cancer therapies. The topics include, but are not limited to, a fundamental understanding of biological processes underlying cancer initiation, progression, metastasis and resistance to treatment, cancer cell metabolism, tumor microenvironment, gene expression profiling, epigenetic regulation, oncogenetics, omics approaches, diagnostic and prognostic biomarkers, molecular targets, cancer drug development, clinical trials with new agents, and validation in animal models.

Guest Editor

Dr. Veronique Baud

1. NF- κ B, Differentiation and Cancer, University Paris Descartes, Sorbonne Paris Cité, 75014 Paris, France
2. Faculté de Pharmacie, 4 Avenue de l'Observatoire, 75006 Paris, France

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Biomedicines (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

Editor-in-Chief

Prof. Dr. Felipe Fregni

1. Neuromodulation Center and Center for Clinical Research Learning, Spaulding Rehabilitation Hospital and Massachusetts General Hospital, Harvard Medical School, Boston, MA 02114, USA
2. Department of Epidemiology, Harvard T.H. Chan School of Public Health, Boston, MA 02115, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPLUS / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Medicine (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
