

## Special Issue

# State-of-the-Art Biomedical Science in the USA

### Message from the Guest Editor

Biomedical sciences is an exciting and dynamic area that is highly relevant to understand all aspects of human health and disease. We cordially invite all authors actively contributing to biomedical research in the USA. This special issue welcome the submissions of original research and review manuscripts in any area relating to these themes, possible topics within this scope include (but are not limited to): pathogenesis and mechanisms of diseases, translational medical research, virology, immunology, neurobiology, medical microbiology, drug discovery and drug development, genetic epidemiology, gene therapies, cell-based therapies, biomarkers, nanobiology, biomaterials and biomedical engineering.

---

### Guest Editor

Dr. Brian D. Adams

Department of RNA Science, The Brain Institute of America, New Haven, CT, USA

## About the Journal

### Message from the Editor-in-Chief

*Biomedicines* (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

---

### Editor-in-Chief

Prof. Dr. Felipe Fregni

1. Neuromodulation Center and Center for Clinical Research Learning, Spaulding Rehabilitation Hospital and Massachusetts General Hospital, Harvard Medical School, Boston, MA 02114, USA
2. Department of Epidemiology, Harvard T.H. Chan School of Public Health, Boston, MA 02115, USA

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Pharmacology and Pharmacy) / CiteScore - Q1 (Medicine (miscellaneous))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2025).
