

## Special Issue

# State-of-the-Art Immunology and Immunotherapy in Poland

### Message from the Guest Editor

The special issue will be devoted to the state-of-the-Art of Immunotherapy in Poland especially CAR-T cell therapy both with regard to the pre-clinical and clinical aspects. We cordially invite authors to contribute original research articles or reviews focusing on, but not limited to, the following:

- The current status and challenges of the CAR-T cell therapy in children and adults.
- The current knowledge regarding the attempts to improve the efficacy of CAR-T cells.
- The barriers related to the development of CAR-T cells in solid tumors especially melanoma.
- The insight how proteomics of CAR-T cells can help to better understand the limitations of this type of immunotherapy
