

## Topical Collection

# Feature Papers in Cancer Biology and Therapeutics

### Message from the Collection Editor

The Topical Collection entitled “Feature Papers in Cancer Biology and Therapeutics” aims to collect high-quality research articles and review articles covering all the aspects of cancer biology research and innovative cancer therapies. The topics include, but are not limited to, a fundamental understanding of biological processes underlying cancer initiation, progression, metastasis and resistance to treatment, cancer cell metabolism, tumor microenvironment, gene expression profiling, epigenetic regulation, oncogenetics, omics approaches, diagnostic and prognostic biomarkers, molecular targets, cancer drug development, clinical trials with new agents, and validation in animal models. We look forward to your submissions on the above-listed research areas of cancer biology and therapies.

## About the Journal

### Message from the Editor-in-Chief

*Biomedicines* (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Medicine (miscellaneous))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
