

Special Issue

Recent Advances in Oral Medicine

Message from the Guest Editors

We are delighted to invite you to submit your latest research and insights for consideration to a Special Issue on oral medicine, an interdisciplinary field that focuses on the diagnosis and treatment of oral diseases and conditions that affect the mouth and surrounding structures. This Special Issue aims to provide a platform for the dissemination of high-quality research that advances the understanding and treatment of oral diseases. We welcome submissions from researchers, clinicians, and academics from around the world who are working in areas related to oral medicine, including, but not limited to:

- Oral cancer, benign oral neoplasms, and reactive oral pathologies;
- Salivary gland disorders;
- Orofacial pain;
- Oral mucosa diseases;
- Periodontal diseases;
- Hereditary oro-facial disturbances,

We welcome contributions from a broad range of topics related to oral pathology, oral microbiology, oral oncology, oral immunology, and oro-facial manifestations of systemic diseases. Authors are encouraged to submit original research and reviews that address important questions in oral medicine.

About the Journal

Message from the Editor-in-Chief

Biomedicines (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

Editor-in-Chief

Prof. Dr. Felipe Fregni

1. Neuromodulation Center and Center for Clinical Research Learning, Spaulding Rehabilitation Hospital and Massachusetts General Hospital, Harvard Medical School, Boston, MA 02114, USA
2. Department of Epidemiology, Harvard T.H. Chan School of Public Health, Boston, MA 02115, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Medicine (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2025).
