

Joint Special Issue

Molecular and Cellular Mechanisms of Brain Disease: Hippocampus as a Nodal Point

Message from the Guest Editor

This Special Issue of the Biomedicines focuses on the involvement of hippocampus in brain diseases and welcomes both original research articles and review papers that deal with the molecular and cellular mechanisms underlying various cerebral pathologies associated with hippocampal dysfunction. **Keywords:** hippocampus; pathology; mechanisms; adult hippocampal neurogenesis; mental diseases; neurodegeneration; translational research

Guest Editor

Prof. Dr. Natalia V. Gulyaeva
