# Editorial Board Members' Collection Series: Biomimetics of Materials and Structures

### Message from the Guest Editors

Dear colleagues, We are pleased to announce a new Collection, titled “Editorial Board Members' Collection Series: Biomimetics of Materials and Structures”, which will collect papers invited by Editorial Board Members. The aim of this Collection is to provide a venue for networking and communication between *Biomimetics* and scholars in the fields of biomimetic materials and structures. The collection includes papers offering a fundamental understanding of biological materials as well as their implementation in engineering applications by mimicking a biological design motif. All papers will be published in open access following peer review.
