DNA Damage Response

Guest Editors:

Dr. Denis Kainov

Department of Clinical and Molecular Medicine, Norwegian University of Science and Technology (NTNU), 7028 Trondheim, Norway

Dr. Valentyn Oksenych

Deadline for manuscript submissions:

closed (26 July 2020)

Message from the Guest Editors

Dear Colleagues,

Lesions are generated continuously in our cellular DNA by external and internal factors. The DNA damage response (DDR) detects and repairs the lesions. Failures in DDR results in developmental disorders, innate and adaptive immune responses, cancer, and ageing. We thus invite the submission of original research manuscripts and review articles that cover any aspects of DDR and related topics.

I am looking forward for your contribution.

Dr. Denis Kainov

Dr. Valentyn Oksenych

Editors-in-Chief

Prof. Dr. Peter E. Nielsen

Department of Cellular and Molecular Medicine, Faculty of Health and Medical Sciences, University of Copenhagen, Blegdamsvej 3C, DK-2200 Copenhagen, Denmark

Prof. Dr. Lukasz Kurgan

Department of Computer Science, Virginia Commonwealth University, Richmond, VA 23284, USA

Message from the Editorial Board

Biomolecules is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Biochemistry)
