

Special Issue

Molecular Interventions in Ocular Disorders

Message from the Guest Editor

The Special Issue 'Molecular Interventions in Ocular Disorders' aims to provide a comprehensive overview of the recent developments, progressions, and innovations in ophthalmology. It will focus on the latest therapeutic approaches for ocular disorders, ranging from traditional medical therapy to emerging modalities such as gene therapy, regenerative medicine, targeted therapies, and customized treatment strategies. It will also explore the recent advancements in surgical techniques, including minimally invasive surgery and advanced intraocular devices. Furthermore, this Special Issue will discuss innovations that can promote surgical precision, improve patient outcomes, and minimize post-operative complications, thereby enhancing the quality of life of patients with ocular disorders.

About the Journal

Message from the Editorial Board

Biomolecules is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.

Editors-in-Chief

Prof. Dr. Peter E. Nielsen

Department of Cellular and Molecular Medicine, Faculty of Health and Medical Sciences, University of Copenhagen, Blegdamsvej 3C, DK-2200 Copenhagen, Denmark

Prof. Dr. Lukasz Kurgan

Department of Computer Science, Virginia Commonwealth University, Richmond, VA 23284, USA

Author Benefits

Open Access

— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Biochemistry)
