

## Topical Collection

# DNA Repair and Immune Response

### Message from the Collection Editor

Lesions are generated continuously in our cellular DNA by external and internal factors. DNA damage is recognized and repaired by several pathways that involve multiple proteins. DNA damage response (DDR) is a complex change in cellular metabolism following DNA damage. Failures in DNA repair and DDR result in developmental disorders, defects in immune response, abnormal neurodevelopment, cancer, and aging. We invite the submission of original research manuscripts and review articles that cover different aspects of DNA repair, DDR, and related topics, such as immune response, neurodevelopment, and cancer. I am looking forward to your contribution.

## About the Journal

### Message from the Editorial Board

*Biomolecules* is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.

### Editors-in-Chief

Prof. Dr. Peter E. Nielsen

Department of Cellular and Molecular Medicine, Faculty of Health and Medical Sciences, University of Copenhagen, Blegdamsvej 3C, DK-2200 Copenhagen, Denmark

Prof. Dr. Lukasz Kurgan

Department of Computer Science, Virginia Commonwealth University, Richmond, VA 23284, USA

---

### Author Benefits

#### Open Access

– free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Biochemistry)
