

## Special Issue

# Cannabinoids in Neurobehavioral Modulation

### Message from the Guest Editors

This Special Issue aims to collect original articles or reviews (narrative or systematic) that mainly focus on the neurobehavioural actions derived from the use of cannabinoid compounds, from a translational point of view, by collecting preclinical and/or clinical data. Special attention will be given to manuscripts that provide relevant information from a therapeutic perspective on the use of cannabinoid compounds in the context of different disorders of the nervous system, as well as those related to the effects of cannabis use at different stages of life, in view of the increasing and worrying use worldwide, especially in vulnerable populations such as adolescents or pregnant women.

## About the Journal

### Message from the Editorial Board

*Biomolecules* is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.

### Editors-in-Chief

Prof. Dr. Peter E. Nielsen

Department of Cellular and Molecular Medicine, Faculty of Health and Medical Sciences, University of Copenhagen, Blegdamsvej 3C, DK-2200 Copenhagen, Denmark

Prof. Dr. Lukasz Kurgan

Department of Computer Science, Virginia Commonwealth University, Richmond, VA 23284, USA

---

### Author Benefits

#### Open Access

– free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Biochemistry)
