

Special Issue

Role of Probiotics in Health and Disease

Message from the Guest Editor

This Special Issue is dedicated to gathering original articles that investigate the intricate role of probiotics of all generations in human health and disease. The selection of high-quality contributions of this Special Issue aims to expand the body of knowledge surrounding probiotics. By elucidating their functionalities, the publications offer valuable insights for healthcare practitioners, facilitating the tailoring of probiotic interventions for improved health outcomes. Furthermore, the presented findings may pave the way for the development of targeted probiotic formulations, offering preventive or therapeutic strategies for a diverse range of health conditions.

About the Journal

Message from the Editorial Board

Biomolecules is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.

Editors-in-Chief

Prof. Dr. Peter E. Nielsen

Department of Cellular and Molecular Medicine, Faculty of Health and Medical Sciences, University of Copenhagen, Blegdamsvej 3C, DK-2200 Copenhagen, Denmark

Prof. Dr. Lukasz Kurgan

Department of Computer Science, Virginia Commonwealth University, Richmond, VA 23284, USA

Author Benefits

Open Access

– free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Biochemistry)
