

## Special Issue

# State-of-the-Art Cardio-Oncology

### Message from the Guest Editor

This Special Issue aims to provide a comprehensive overview of state-of-the-art cardio-oncology in 2023. We invite research papers that will consolidate our understanding in this area. This Special Issue will publish full research articles and systematic reviews. Potential topics include, but are not limited to, the following research areas:

- Cardiotoxicity;
- Biomarkers;
- Chemotherapies;
- Radiotherapies;
- Oncology;
- Cardiovascular diseases.

## About the Journal

### Message from the Editorial Board

*Biomolecules* is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.
