Lipids Metabolism in Cardiovascular Disease

Message from the Guest Editor

Advances in novel lipid therapeutics have promoted enthusiasm in investigating the impact of lipid metabolism on cardiovascular disease. We look forward to a Special Issue highlighting original works and seminal reviews in this space and kindly request your expertise in submitting an original article.

About the Journal

Message from the Editorial Board

Biomolecules is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.
