

## Special Issue

# Bioinformatics and Computational Genomics: Selected Papers from International Symposium on Bioinformatics Research and Applications (ISBRA 2022)

### Message from the Guest Editor

This Special Issue will include a selection of about 15 full papers accepted and presented at the 19th International Symposium on Bioinformatics Research and Applications (ISBRA 2022) which will be held in University of Haifa, Israel on November 14–17, 2022. ISBRA provides a forum for the exchange of ideas and results among researchers, developers, and practitioners working on all aspects of bioinformatics and computational biology and their applications.

### Guest Editor

Prof. Dr. Alex Zelikovsky

Department of Computer Science, Georgia State University, Atlanta, GA 30303, USA

### Deadline for manuscript submissions

closed (15 May 2023)

## About the Journal

### Message from the Editorial Board

*Biomolecules* is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.
