

Special Issue

Contact Lens Sensors

Message from the Guest Editor

I am pleased to announce a new Special Issue in *Biosensors* called “Contact Lens Sensors”. Wearable devices are increasingly used to monitor users’ physiological signals for their health care. Contact lens sensors have been developed as a non-invasive device to investigate ocular diseases and others, such as IOP monitoring for glaucoma patients, glucose monitoring for diabetes, etc. In this Special Issue, we invite researchers to contribute manuscripts that advance the development of contact lens sensing technology.

Guest Editor

Prof. Dr. Yongjun Lai

Department of Mechanical and Materials Engineering, Queen’s University, Kingston, ON K7L 3N6, Canada

Deadline for manuscript submissions

closed (30 September 2022)

About the Journal

Message from the Editor-in-Chief

Biosensors is a leading journal, devoted to fast publication of the latest achievements, technological developments and scientific research in the exciting multidisciplinary area of biosensors. Both experimental and theoretical papers are published, including all aspects of biosensor design, technology, proof of concept and application. Special issues are devoted to specific technologies and applications, and a selection of the most outstanding papers each year is recognized. Pushing the boundaries of the discipline, we invite original papers, as well as timely reviews on cutting edge fields within the subject area.

Editor-in-Chief

Prof. Dr. Giovanna Marrazza

Department of Chemistry "Ugo Schiff", University of Florence, Via della
Laustruccia 3, 50019 Sesto Fiorentino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Embase, CAPIus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q1 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.6 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the second half of 2025).
