

## Special Issue

# Smart and Multifunctional Nanomaterials and Applications for Food Safety

### Message from the Guest Editors

This research topic covers papers related to the development and use of smart and multifunctional nanomaterials related to their applications in food safety and control. We accept original, technical, or review papers on (but not limited to) the following topics:

- Novel nanomaterials for analytical concepts, mechanisms and detection principles;
- Development of nanomaterial-based chemical sensors and biosensors, including electrochemical, optical, thermometric, magnetic transducer or transducing microsystems;
- Advances in fabrication technologies for chemical sensors, biosensors, chip-based detection devices;
- Nanomaterial-based analytical techniques in chemistry, biology, food science, environment, etc.

---

### Guest Editors

Prof. Dr. Long Wu

Dr. Xiaoqian Tang

Dr. Wenbo Yu

## About the Journal

### Message from the Editor-in-Chief

*Biosensors* is a leading journal, devoted to fast publication of the latest achievements, technological developments and scientific research in the exciting multidisciplinary area of biosensors. Both experimental and theoretical papers are published, including all aspects of biosensor design, technology, proof of concept and application. Special issues are devoted to specific technologies and applications, and a selection of the most outstanding papers each year is recognized. Pushing the boundaries of the discipline, we invite original papers, as well as timely reviews on cutting edge fields within the subject area.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Embase, CAPlus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q1 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.8 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2025).
