## Feature Papers 2020

### Message from the Guest Editor

I am honored to announce a new *BioTech* Special Issue "Feature Papers 2020" that compiles a collection of papers from Editorial Board Members (EBMs), papers invited by the EBMs and high-quality papers invited by the editorial office. The Special Issue will collect original research papers, as well as review articles, highlighting the state-of-the-art of the study and application of biotechnology, such as genomics, proteomics, applied immunology, recombinant gene techniques and development of pharmaceutical therapies.

### Guest Editor

Prof. Dr. Paolo Iadarola

Department of Biology and Biotechnology "L. Spallanzani", Università degli Studi di Pavia, Pavia, Italy
