Deadline for manuscript
submissions:

closed (15 January 2017)

Message from the Guest Editor

Dear Colleagues,

I invite you to submit your work for consideration in an upcoming *Brain Sciences* Special Issue on “The Pathogenesis and Treatment of Headache Disorders”. Original basic and clinical research, case reports, review articles, meta-analyses, and systematic reviews related to common and uncommon primary and secondary headache syndromes are welcomed. It is our hope to enhance the continually-evolving understanding of headache disorders by providing fresh insights to the etiology and management of a broad range of syndromes as illustrated by your contributions. Of greatest interest are novel biological discoveries and innovative applications of existing and newer drugs and devices. Thank you in advance for your efforts in unravelling the mysteries of what brings headaches about and to their resolution.

Stephanie J. Nahas, MD, MSEd

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Brain Sciences* (ISSN 2076-3425). *Brain Sciences* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on neuroscience. The scientific community and the general public can access the content free of charge as soon as it is published.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PSYINDEX, CAPlus / SciFinder, and other databases.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.6 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2023).
