Special Issue

Emerging Treatment Approaches for Chronic Pain Syndromes

Message from the Guest Editor

The major objective of the present Special Issue is to collect new scientific evidence, clinical experiences, reviews, and opinion articles about innovative and emerging approaches in pain management and treatment, especially related to clinical health psychology, psychotherapy, and technology-based approaches. Moreover this Special Issue will focus on psychological factors, basic psychological processes, and theoretical models that could have an impact on the development of persistent pain and disability and implications for different therapies, considering psychological interventions in chronic pain. Cutting-edge research:

- Evidence-based psychological treatments;
- Cost-effective emerging treatments for pain management;
- Psychological determinants in pain management;
- ACT (acceptance and commitment therapy) and mindfulness-based approach;
- Placebo and nocebo;
- Technology-based pain management approaches;
- mHealth and eHealth in pain.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Brain Sciences* (ISSN 2076-3425). *Brain Sciences* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on neuroscience. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Stephen D. Meriney
Department of Neuroscience, University of Pittsburgh, Pittsburgh, PA 15260, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PSYNDEX, PsycInfo, CAPlus / SciFinder, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.2 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).

Recognition of Reviewers:

reviewers who provide timely, thorough peer-review reports receive vouchers entitling them to a discount on the APC of their next publication in any MDPI journal, in appreciation of the work done.
