

Special Issue

Clinical Research on Pain: Advances and Challenges

Message from the Guest Editor

This special issue aims to investigate the latest developments and ongoing challenges in understanding and managing pain. It will bring together cutting-edge research, innovative therapeutic approaches, and expert insights to improve pain diagnosis, treatment, and patient outcomes. The issue will cover a range of topics, such as novel analgesics, interventional pain management, pain genetics, and the role of technology in pain care. By exploring the complexities of pain and challenges in its management, this issue aims to foster collaboration and drive progress in the field. This collection of articles will provide a comprehensive overview of the current state of pain research and practice, offering valuable insights for clinicians, researchers, and patients.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Brain Sciences* (ISSN 2076-3425). *Brain Sciences* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on neuroscience. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Stephen D. Meriney

Department of Neuroscience, University of Pittsburgh, Pittsburgh, PA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PSYINDEX, PsycInfo, CAPlus / SciFinder, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.6 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2025).

Recognition of Reviewers:

reviewers who provide timely, thorough peer-review reports receive vouchers entitling them to a discount on the APC of their next publication in any MDPI journal, in appreciation of the work done.
