Message from the Guest Editors

This Special Issue will provide highlights on the role of radiotherapy in different types of cancer and will explore the use of combined modality approaches with chemotherapy and new target agents, including immunotherapy. Other potential topics of interest for this Special Issue could be predictive biomarkers for tumor response or patient prognosis, quality of life during cancer care, immunotherapy and immunomodulating agents, molecular and cellular image-guided treatments, technical advances in radiotherapy, basic research, cardio-oncology, and elderly patient management.

Deadline for manuscript submissions:
31 August 2021
Editor-in-Chief

Prof. Dr. Samuel C. Mok
Department of Gynecologic Oncology and Reproductive Medicine, The University of Texas MD Anderson Cancer Center, Houston, TX 77030, USA

Message from the Editor-in-Chief

Cancers is an international online journal addressing both clinical and basic science issues related to cancer research. The journal is publishing in Open Access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

Author Benefits

Open Access:— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and many other databases.

Journal Rank: JCR - Q1 (Oncology) / 2020 CiteScore - Q2 (Oncology)
