Message from the Guest Editor

Dear Colleagues,

I am editing a Special Issue for the journal “Cancers” on “The Endocrine Basis of Breast Cancer”, with a submission deadline of 30 November 2021, and believe your research to be relevant. I would like to invite you to contribute a research or review article in an area related to this topic.

The aim of the Special Issue is to describe the current knowledge on the endocrine basis of breast cancer, the history and recent developments, and the new landscape in the fields of biology, diagnosis and treatment, considering the roles of the different molecular subtypes and brand new mutations and molecular alterations.

Cancers is an international online journal addressing both clinical and basic science issues related to cancer research. The journal is publishing in Open Access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

Author Benefits
