

Special Issue

New Insights into Kidney Disease Development and Therapy Strategies

Message from the Guest Editors

Basic science and practical issues related to etiological factors, methodology of analysis, diagnostic criteria, and therapeutic advances of neoplastic and non-neoplastic renal diseases are welcomed in this Special Issue, from renal epithelial/non-epithelial tumors to hereditary diseases, transplantation-related disorders, and glomerulonephritis. The Issue intends to bring together the experience of very different fields and serve as a unified forum for basic researchers, urologists, nephrologists, oncologists, pathologists, radiologists, and other related specialties. You may choose our [Joint Special Issue](#) in *Biomolecules*.

About the Journal

Message from the Editor-in-Chief

Cancers is an international online journal addressing both clinical and basic science issues related to cancer research. The journal is publishing in Open Access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

Editor-in-Chief

Prof. Dr. Samuel C. Mok

Department of Gynecologic Oncology and Reproductive Medicine, The University of Texas MD Anderson Cancer Center, Houston, TX 77030, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Oncology) / CiteScore - Q1 (Oncology)
