

Special Issue

Novel Advances in Surgery for Prostate Cancer

Message from the Guest Editor

We are excited to present the Special Issue entitled "*Novel Advances in Surgery for Prostate Cancer*", featuring cutting-edge insights into the surgical management of prostate cancer. This collection highlights innovative technologies and techniques aimed at refining diagnosis, treatment, and patient outcomes. Leading experts contribute diverse articles exploring state-of-the-art image-guided technologies, robot-assisted technologies, adoption of novel robotic platforms, and other minimally invasive approaches. Addressing a global health challenge, these advancements underscore the importance of precision and patient-centric strategies. We extend our gratitude to contributors for enriching this Special Issue, anticipating its role as a valuable resource for clinicians, surgeons, and researchers, fostering continued progress in prostate cancer surgery.

About the Journal

Message from the Editor-in-Chief

Cancers is an international online journal addressing both clinical and basic science issues related to cancer research. The journal is publishing in Open Access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

Editor-in-Chief

Prof. Dr. Samuel C. Mok

Department of Gynecologic Oncology and Reproductive Medicine, The University of Texas MD Anderson Cancer Center, Houston, TX 77030, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Oncology) / CiteScore - Q1 (Oncology)
