

Special Issue

Clinical Trials for Hepatobiliary and Pancreatic Cancer Diagnosis and Treatment (2nd Edition)

Message from the Guest Editor

This Special Issue is the second edition of a previous issue on the topic of “Clinical Trials for Hepatobiliary and Pancreatic Cancer Diagnosis and Treatment”

(https://www.mdpi.com/journal/cancers/special_issues/G4GPO2HF1N). This Special Issue will discuss recent and ongoing clinical trials to establish a better diagnostic method enabling the detection of these types of cancer at an earlier stage, to establish effective surgical or non-surgical treatments for patients with localized or systemic disease, and to improve the quality of life of patients with life-threatening diseases at any stage.

Guest Editor

Dr. Takuji Okusaka

Department of Hepatobiliary and Pancreatic Oncology, National Cancer Center Hospital, Tokyo 104-0045, Japan

Deadline for manuscript submissions

31 July 2026

About the Journal

Message from the Editor-in-Chief

Cancers (ISSN 2072-6694) is an international, online journal addressing both clinical and basic science issues related to cancer research. The journal will continue its open access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

Editor-in-Chief

Prof. Dr. Samuel C. Mok

Department of Gynecologic Oncology and Reproductive Medicine, The University of Texas MD Anderson Cancer Center, Houston, TX 77030, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
