The Evolution of Minimally Invasive Surgery in Hepatobiliary Pancreatic Cancers

Message from the Guest Editor

This Special Issue of *Cancers*, titled "The Evolution of Minimally Invasive Surgery in Hepatobiliary Pancreatic Cancers," attempts to provide an overview of developments and the current state of this field of surgery. We warmly invite submissions of original research articles, clinical trials, translational studies, and comprehensive reviews. This Special Issue will cover, but is not limited to, the following key areas that have transformed the field over the past five years: Minimally invasive surgery in biliary tract cancer; Minimally invasive surgery in HCC intrahepatic cholangiocarcinoma; Minimally invasive surgery in perihilar carcinoma; Minimally invasive surgery in pancreatic cancer; Minimally invasive surgery in liver transplantation; Minimally invasive surgery for pediatric tumors and premalignant lesions, especially in biliary malformations. We look forward to your valuable contributions that will advance our collective understanding and shape the future of HBP surgery.

Guest Editor

Dr. Asmus Heumann

Department of General, Visceral and Thoracic Surgery, University Medical Center Hamburg-Eppendorf, 20246 Hamburg, Germany

Deadline for manuscript submissions

30 July 2026

About the Journal

Message from the Editor-in-Chief

Cancers (ISSN 2072-6694) is an international, online journal addressing both clinical and basic science issues related to cancer research. The journal will continue its open access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

Editor-in-Chief

Prof. Dr. Samuel C. Mok

Department of Gynecologic Oncology and Reproductive Medicine, The University of Texas MD Anderson Cancer Center, Houston, TX 77030, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
