Novel Therapeutic Strategies for Neuro-Oncology

Message from the Guest Editors

We are pleased to invite you to contribute to this *Cancers* Special Issue on Novel Therapeutic Strategies for Neuro-Oncology. Within our fast-growing scientific field, we would like to endorse researchers in search of visionary and brave endeavors to submit their work, including specialties of clinical, translational and basic research in neuro-oncology. We welcome manuscripts concerning surgical excellence, promising treatment targets, prognostic and predictive markers, neuroimaging and combinations thereof, including big data research. With this Special Issue, we aim to promote novel and visionary treatment strategies carried out in clinical pilot projects and basic and translational research. We endorse all specialists involved in neuro-oncology to submit manuscripts. Surgical technique and visualization, imaging (both MR and PET) as well as radiotherapy and medical treatment will be featured in this Special Issue, welcoming original research articles and reviews.

Guest Editors

Dr. Christian F. Freyschlag

Associate Professor, Department of Neurosurgery, Medical University of Innsbruck, Innsbruck, Austria

Dr. Astrid E. Grams

Associate Professor, Department of Neuroradiology, Medical University of Innsbruck, Innsbruck, Austria

Deadline for manuscript submissions

closed (15 May 2023)

About the Journal

Message from the Editor-in-Chief

Cancers is an international online journal addressing both clinical and basic science issues related to cancer research. The journal is publishing in Open Access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

Editor-in-Chief

Prof. Dr. Samuel C. Mok

Department of Gynecologic Oncology and Reproductive Medicine, The University of Texas MD Anderson Cancer Center, Houston, TX 77030, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Oncology) / CiteScore - Q1 (Oncology)
