

Special Issue

Electric Field Based Therapies in Cancer Treatment: a Selection of Studies Presented at the 3rd World Congress on Electroporation

Message from the Guest Editors

We are pleased to announce the call for a Special Issue, which will encompass selected studies, presented at the “3rd World Congress on Electroporation and Pulsed Electric Fields in Biology, Medicine, Food and Environmental Technologies”, which will take place in Toulouse, France on 3–6 September 2019. This Special Issue will cover the latest research pertaining to electroporation and electric field based technologies and their therapeutic applications, principally but not exclusively applied to cancer treatments. This compendium will cover novel research studies and reviews, related to basic as well as applied research related to electric field based therapies.

Guest Editors

Dr. Jelena Kolosnjaj-Tabi

Dr. Marie-Pierre Rols

Dr. Muriel Golzio

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Cancers is an international online journal addressing both clinical and basic science issues related to cancer research. The journal is publishing in Open Access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

Editor-in-Chief

Prof. Dr. Samuel C. Mok

Department of Gynecologic Oncology and Reproductive Medicine, The University of Texas MD Anderson Cancer Center, Houston, TX 77030, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Oncology) / CiteScore - Q1 (Oncology)
