

Special Issue

Advanced Research in Oncology in 2022

Message from the Guest Editor

We are pleased to announce a Special Issue entitled “Advanced Research in Oncology in 2022”, which will be the New Year Special Issue Series of *Cancers*. For this Special Issue, we are seeking the submission of comprehensive review papers from all oncology-related fields from our editorial board members, societies, authors, and reviewers. The papers in this Special Issue will be published via our open-access platform after a thorough peer review. We look forward to receiving your excellent work.

About the Journal

Message from the Editor-in-Chief

Cancers (ISSN 2072-6694) is an international, online journal addressing both clinical and basic science issues related to cancer research. The journal will continue its open access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

Editor-in-Chief

Prof. Dr. Samuel C. Mok

Department of Gynecologic Oncology and Reproductive Medicine, The University of Texas MD Anderson Cancer Center, Houston, TX 77030, USA
