

Special Issue

Tumor Necrosis Factor (TNF)

Message from the Guest Editors

We therefore invite papers that investigate cancer-specific TNF function with respect to (A) genomics and transcriptomics of tumorigenesis, (B) important aspects of TNF-Receptor mediated signalling pathways, (C) the influence in TNF and related TNF-SF in tumor surveillance and (D) AICD and T cell homeostasis, and any critical interactions with other cytokines involved in tumorigenesis and inflammatory mediators.

Guest Editors

Dr. Lisa M. Sedger

Faculty of Science, School of Life Sciences, University of Technology Sydney, Sydney, NSW 2007, Australia

Prof. Dr. Heinrich Korner

Menzies Institute for Medical Research, University of Tasmania, Hobart, TAS 7000, Australia

About the Journal

Message from the Editor-in-Chief

Cancers is an international online journal addressing both clinical and basic science issues related to cancer research. The journal is publishing in Open Access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

Editor-in-Chief

Prof. Dr. Samuel C. Mok

Department of Gynecologic Oncology and Reproductive Medicine, The University of Texas MD Anderson Cancer Center, Houston, TX 77030, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Oncology) / CiteScore - Q1 (Oncology)
