Special Issue

Batteries: Recent Advances in Carbon Materials

Message from the Guest Editor

We are soliciting contributions to a Special Issue of the *Journal of Carbon Research*. The topic will be carbon materials in batteries. Suggested topics may be include: lithium cathodes and anodes, and electrodes for redox flow batteries. Other battery-related topics will be considered with the condition that carbon materials be included as the major topic.

Guest Editor

Prof. Dr. I. Francis Cheng

Faculty of Science and Engineering, Manchester Metropolitan University, Chester Street, Manchester M1 5GD, UK

Author Benefits

High Visibility:

indexed within ESCI (Web of Science), Scopus, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q2 (Environmental Science (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 24.3 days after submission; acceptance to publication is undertaken in 3.9 days (median values for papers published in this journal in the first half of 2025).
