Message from the Guest Editors

Dear Colleagues,

As Editor-in-Chief of the journal *Cardiogenetics*, we are glad to announce the Special Issue “Cardiogenetics: Feature Papers 2022” online. *Cardiogenetics* (ISSN 2035-8148) is an international, peer-reviewed, open access journal which provides an advanced forum for studies related to all aspects of cardiogenetics (clinical, molecular, cellular, pharmacological). In this Special Issue “*Feature Papers*”, we aim to publish outstanding contributions in the main fields covered by the journal, which will make a great contribution to the community.

We welcome high-quality papers falling within the scope of the journal. Submitted papers will first be evaluated by Editors. Please note that all the papers will be subjected to a thorough and rigorous peer review.

Message from the Editor-in-Chief

Cardiogenetics is an essential resource for general physicians, cardiologists, and geneticists. Exome sequencing, noncoding DNA, bioinformatics, micro-RNA, long-noncoding DNA and epigenetics have entered our daily vocabulary, highlighting the importance of forming a “cardiogenetics team” working side by side, bringing the lab to the patients’ bed, and vice versa. A strong Editorial Board of active clinicians and scientists will support this new experience. *Cardiogenetics* publishes high-quality original research papers, review articles, short reports, news and views, with the aim of connecting the scientific (bench) to the clinical (bedside) world. Since 2011, the journal has been increasingly successful. Please help us to overcome this challenge.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [ESCI \(Web of Science\)](#), [Scopus](#), [Embase](#), and [other databases](#).

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 23.7 days after submission; acceptance to publication is undertaken in 5.3 days (median values for papers published in this journal in the second half of 2024).
