

Special Issue

Cardiogenetics: Feature Papers 2024

Message from the Guest Editors

As Editors-in-Chief of *Cardiogenetics*, we are glad to announce upcoming Special Issue, entitled "Feature Papers Collections to Celebrate the First Impact Factor of *Cardiogenetics*". *Cardiogenetics* (ISSN 2035-8148) is an international, peer-reviewed, and open access journal that provides an advanced forum for studies related to all aspects of cardiogenetics (clinical, molecular, cellular, pharmacological). In this Special Issue highlighting feature papers, we aim to publish outstanding contributions in the main fields covered by the journal and thus make a great contribution to the research community. We welcome high-quality papers that fall within the scope of the journal. Submitted papers will first be evaluated by Editors. Please note that all papers will be subjected to a thorough and rigorous peer review.

Guest Editors

Dr. Giuseppe Limongelli

Department of Translational Medical Sciences, Inherited and Rare Heart Disease, Vanvitelli Cardiology, University of Campania Luigi Vanvitelli, 80131 Naples, Italy

Dr. Lia Crotti

1. Cardiomyopathy Unit, Department of Cardiovascular, Neural and Metabolic Sciences, San Luca Hospital, IRCCS Istituto Auxologico Italiano, 20149 Milan, Italy
2. Center for Cardiac Arrhythmias of Genetic Origin and Laboratory of Cardiovascular Genetics, IRCCS Istituto Auxologico Italiano, 20135 Milan, Italy
3. Department of Medicine and Surgery, University of Milano-Bicocca, 20126 Milan, Italy

About the Journal

Message from the Editor-in-Chief

Cardigenetics is an essential resource for general physicians, cardiologists, and geneticists. Exome sequencing, noncoding DNA, bioinformatics, micro-RNA, long-noncoding DNA and epigenetics have entered our daily vocabulary, highlighting the importance of forming a “cardigenetics team” working side by side, bringing the lab to the patients’ bed, and vice versa. A strong Editorial Board of active clinicians and scientists will support this new experience. *Cardigenetics* publishes high-quality original research papers, review articles, short reports, news and views, with the aim of connecting the scientific (bench) to the clinical (bedside) world. Since 2011, the journal has been increasingly successful. Please help us to overcome this challenge.

Editor-in-Chief

Department of Translational Medical Sciences, Inherited and Rare Heart Disease, Vanvitelli Cardiology, University of Campania Luigi Vanvitelli, 80131 Naples, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within ESCI (Web of Science), Scopus, Embase, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 32.1 days after submission; acceptance to publication is undertaken in 9.2 days (median values for papers published in this journal in the first half of 2025).
