# **Special Issue**

# Cardiogenetics: Feature Papers 2022

### Message from the Guest Editors

As Editor-in-Chief of the journal *Cardiogenetics*, we are glad to announce the Special Issue "Cardiogenetics: Feature Papers 2022" online. Cardiogenetics (ISSN 2035-8148) is an international, peer-reviewed, open access journal which provides an advanced forum for studies related to all aspects of cardiogenetics (clinical, molecular, cellular, pharmacological). In this Special Issue "*Feature Papers*", we aim to publish outstanding contributions in the main fields covered by the journal, which will make a great contribution to the community. We welcome high-quality papers falling within the scope of the journal. Submitted papers will first be evaluated by Editors. Please note that all the papers will be subjected to a thorough and rigorous peer review.

#### **Guest Editors**

Dr. Giuseppe Limongelli

Department of Translational Medical Sciences, Inherited and Rare Heart Disease, Vanvitelli Cardiology, University of Campania Luigi Vanvitelli, 80131 Naples, Italy

#### Dr. Lia Crotti

1. Cardiomyopathy Unit, Department of Cardiovascular, Neural and Metabolic Sciences, San Luca Hospital, IRCCS Istituto Auxologico Italiano, 20149 Milan, Italy

2. Center for Cardiac Arrhythmias of Genetic Origin and Laboratory of Cardiovascular Genetics, IRCCS Istituto Auxologico Italiano, 20135 Milan, Italy

3. Department of Medicine and Surgery, University of Milano-Bicocca, 20126 Milan, Italy

### Deadline for manuscript submissions

closed (31 December 2022)

# About the Journal

## Message from the Editor-in-Chief

*Cardiogenetics* is an essential resource for general physicians, cardiologists, and geneticists. Exome sequencing, noncoding DNA, bioinfomatics, micro-RNA, long-noncoding DNA and epigenetics have entered our daily vocabulary, highlighting the importance of forming a "cardiogenetics team" working side by side, bringing the lab to the patients' bed, and vice versa. A strong Editorial Board of active clinicians and scientists will support this new experience. *Cardiogenetics* publishes high-quality original research papers, review articles, short reports, news and views, with the aim of connecting the scientific (bench) to the clinical (bedside) world. Since 2011, the journal has been increasingly successful. Please help us to overcome this challenge.

### Editor-in-Chief

Dr. Giuseppe Limongelli

Department of Translational Medical Sciences, Inherited and Rare Heart Disease, Vanvitelli Cardiology, University of Campania Luigi Vanvitelli, 80131 Naples, Italy

### Author Benefits

### **Open Access:**

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### **High Visibility:**

indexed within ESCI (Web of Science), Scopus, Embase, and other databases.

### **Rapid Publication:**

manuscripts are peer-reviewed and a first decision is provided to authors approximately 32.1 days after submission; acceptance to publication is undertaken in 9.2 days (median values for papers published in this journal in the first half of 2025).
