### Message from the Guest Editors

Dear Colleagues,

The present Special Issue of *Catalysts* is aimed at presenting the recent development of theory-guided electrocatalysis and photocatalysis, and researchers working in the field are cordially invited to contribute.

Original articles dealing with electrocatalyzing and photocatalyzing CO<sub>2</sub> reduction, N<sub>2</sub> reduction, oxygen reduction/revolution, and hydrogen revolution reactions by means of theoretical computations are welcome.

Prof. Dr. Fengyu Li
