

Special Issue

Catalytic Purification of Pollutants and Catalytic Conversion of Solid Wastes, 2nd Edition

Message from the Guest Editors

Thank you for your interest in publishing your work in *Catalysts*. This Special Issue invites contributions of original high-quality interdisciplinary research papers devoted to currently important topics in catalysis and related subjects. Studies significantly advancing our fundamental understanding of and focusing on the **Catalytic Purification of Pollutants and Catalytic Conversion of Solid Wastes** will be given primary consideration. Field studies have preference, while papers describing laboratory experiments must demonstrate significant advances in methodology or mechanistic understanding with a clear connection to the catalytic pathway and catalysis chemistry. Descriptive, repetitive, incremental, or regional-scale studies with limited novelty will not be considered.

Guest Editors

Dr. Peng Yuan

Tianjin Recyclable Resources Institute, All China Federation of Supply and Marketing Cooperatives, Tianjin, China

Prof. Dr. Boxiong Shen

School of Chemical Engineering & Technology, Hebei University of Technology, Tianjin 300130, China

Deadline for manuscript submissions

closed (31 December 2024)

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Keith Hohn
Carl R. Ice College of Engineering, Kansas State University, Manhattan,
KS, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, CAB Abstracts, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Physical) / CiteScore - Q1 (General Environmental Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.9 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the second half of 2025).
