

Special Issue

Featured Papers in Electrochemistry and Electrocatalysis in China

Message from the Guest Editors

The detailed research areas include the following:

- Developing energy conversion and storage systems with high energy density, high power density, high stability and high safety.
- Design, preparation and application of electrocatalysts with high activity, high selectivity and long lifetime for specific reactions.
- New concepts and insights into energy storage or conversion mechanisms for electrochemistry and electrocatalysis.

Guest Editors

Prof. Dr. Yuxin Tang

College of Chemical Engineering, Fuzhou University, Fuzhou 350116, China

Prof. Dr. Jianping Yang

Department of Inorganic Nonmetallic Materials, College of Materials Science and Engineering, Donghua University, Shanghai, China

Deadline for manuscript submissions

closed (20 September 2023)

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Keith Hohn

Carl R. Ice College of Engineering, Kansas State University, Manhattan,
KS, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, CAB Abstracts, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Physical) / CiteScore - Q1 (General Environmental Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
