Catalysis for Global Development. Contributions around the Iberoamerican Federation of Catalysis

Message from the Guest Editors

Following the biennial meetings, held since 1968, the Iberoamerican Federation of Catalysis Societies (FISoCat), the Portuguese Chemical Society (SPQ) and the University of Coimbra jointly organizes the XXVI Iberoamerican Congress on Catalysis (CICat 2018), between the 9th and 14th of September 2018, in Coimbra, Portugal. CICat 2018 is of particular historical importance, as it marks the 50th anniversary of the beginning of this series of meetings. The present Special Issue will feature the works presented at CICat 2018 and also additional contributions, that promote linkage of the catalytic science, technology, education and culture plans and processes, involved in cooperation programs and projects among the Iberoamerican Member States and of these with the states and institutions of other regions.
