Message from the Guest Editors

Our journal is pleased to publish a Special Issue in honor of Professor Hugo de Lasa. Hugo is a Professor at the Department of Chemical and Biochemical Engineering, Faculty of Engineering of Western University (UWO), London, Ontario, Canada. Hugo graduated in 1968 with an Ingeniero Químico (Chemical Engineer) degree from the Universidad Nacional del Sur in Argentina, and in 1971 with a "Cum Laude" Doctorate degree from the Université de Nancy in France. Dr. de Lasa is the founding Director of UWO's Chemical Reactor Engineering Centre (CREC), which has received significant financial support over the years. In honor and recognition of Professor Hugo de Lasa's outstanding career contributions to the fields of heterogeneous catalysis, photocatalysis and catalytic reaction engineering, this Special Issue of *Catalysts* welcomes the submission of previously unpublished manuscripts from original work or reviews in these areas. We plan to receive submissions from 1 July 2019 to 31 March 2020. Manuscripts will be published online on an ongoing basis after being processed.
