

Special Issue

Current State-of-the-Art of Biocatalysts in the Food Sector

Message from the Guest Editors

With the current development in biotechnology, several new enzymes with peculiar physicochemical characteristics and multiple uses have been mainstreamed. This Special Issue aims to contribute to the current knowledge in the field and provide the food industry with new enzymes, different applicabilities, and foresight into the evolution of valuable foods products. Articles focusing on enzymatic processes, biocatalytic methods, bioinformatics, and protein engineering are welcomed. In this Special Issue, we invite the submission of original research articles and reviews. We look forward to receiving your contributions. Dr. Bernadette-Emoke Teleky

Dr. Szabo Katalin

Guest Editors

Dr. Bernadette-Emőke Teleky

Prof. Dr. Dan Cristian Vodnar

Dr. Laura Mitrea

Dr. Lavinia Calinoiu

Dr. Katalin Szabo

Dr. Bianca-Eugenia Ștefănescu

Deadline for manuscript submissions

closed (31 July 2022)

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Keith Hohn
Carl R. Ice College of Engineering, Kansas State University, Manhattan,
KS, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, CAB Abstracts, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Physical) / CiteScore - Q1 (General Environmental Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 13.3 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the first half of 2026).
