

Special Issue

Catalytic Process Intensification for Green Chemistry

Message from the Guest Editors

It is a pleasure to share with you in order to acknowledge the consistent support from the scholars, we are organizing an “early bird” promotion activity in this holiday seasons.

During the first two months of 2021, participating authors can enjoy a special discount if the papers are accepted. The invited papers can enjoy a discount of **400 CHF during 1 January–31 January 2021**, and **300 CHF during 1 February–28 February 2021** respectively. We aim to highlight novel research on the implementation of a route toward the use of cleaner, safer and more energy-efficient process technology. This Special Issue will include papers focused on a wide range on modern technologies used to produce a multitude of chemicals, fuels, commodity chemicals, fertilisers, pharmaceuticals, materials and mathematical models, involving in the catalytic process intensification for green chemistry. Do not hesitate to contact us on the matter in case you are interested in contributing.

Guest Editors

Dr. Giuseppe Bagnato

School of Chemistry and Chemical Engineering, Queen's University Belfast, Belfast BT7, UK

Prof. Dr. Fausto Gallucci

1. Inorganic Membranes and Membrane Reactors, Sustainable Process Engineering, Department of Chemical Engineering and Chemistry, Eindhoven University of Technology, 5612 AZ Eindhoven, The Netherlands

2. ICUBE BV, 5616 LZ Eindhoven, The Netherlands

3. ZEFIRA BV, 5616 LZ Eindhoven, The Netherlands

Deadline for manuscript submissions

closed (10 February 2022)

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Keith Hohn
Carl R. Ice College of Engineering, Kansas State University, Manhattan,
KS, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, CAB Abstracts, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Physical) / CiteScore - Q1 (General Environmental Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.9 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the second half of 2025).
